The Grand Rapids Art Museum is investing in the quality of life for your employees and their families.

The Value of the Arts*

- **The arts are essential to the quality of life in a community.** The arts, along with educational institutions, health and human services and housing, help make a community livable and an attractive place to live, visit and work.
- **The arts are a critical component in K-12 education.** The arts increase SAT scores, improve academic performance and problem-solving skills, help redirect at-risk students, and are essential to the development of a skilled and creative workforce.
- **The arts are good for business.** The arts offer opportunities to build customer and client relationships, enhance employee and community relations, and attract and retain employees. The arts also enhance economic vitality by purchasing goods and services and generating sales for other businesses.
- **The arts affirm and celebrate who we are.** Beyond their intrinsic value, the arts stimulate creative thinking and foster an appreciation and understanding of various cultures.

Support the arts. It's good for the arts, the community, and your business.
