

Colorful Eco Prints
Capture summer and create colorful prints right from nature! Using accessible materials found in your home, all you need are markers, paper, and the nature around you.

Collect

Collect your natural materials, markers or paint, and paper to print on.

Color

Color directly onto your leaf, vein side up!

Press

Then, turn your leaf over onto your paper. Press and rub the whole leaf to transfer the color.

Peel!

Peel and reveal your colorful print!

Repeat!

Continue printing and enjoy!
